

Full Wrap

We've got you
covered from
bonnet to bumper

A full vehicle wrap is the most effective option and will grab potential customers' attention. Wrapping your entire vehicle will get you noticed more than any other form of outdoor advertising. Get your brand and services out there with your own mobile billboard.

*Prices
start at
\$3000*

all covered

A full wrap means that your entire vehicle is wrapped. We're able to adhere vinyl to any area of your car that is painted. Areas that cannot be wrapped include; plastic bumpers, door handles, head/tail lights, grills, tyres, reflectors and badges.

3/4 Wrap

We've got you covered for great exposure

Three quarter wraps are our most popular wraps and the next best option after a full wrap. Choosing this level of coverage allows our design team to push the creative boundaries and provide you with a design that will make a huge visual impact when on the road or parked.

Prices start at \$2500

75%

covered

Three quarter wraps allow you to reduce wrapping costs by up to 25% whilst still maintaining that wow factor. You can expect approximately 75% of your vehicle to be covered in vinyl which excludes any areas that aren't painted, door handles and the vehicle roof.

Half Wrap

We've got you
covered on a
budget

Half wraps are an excellent option for the budget conscious. Utilising mainly the sides of the vehicle, we're able to maintain a high level of visual exposure.

Convey your company's message to your potential customers clearly, with a custom designed wrap that won't break the bank.

50%

Half wraps are most effective when the sides of the vehicle are used to maximise surface area for your message. This then allows for minor graphics to be placed on the rear and bonnet of the vehicle, usually in the form of a logo and contact details.

Partial Wrap

We've got you
covered simply
and effectively

Promote your business without the expense. Partial wraps still allow your business details to be delivered effectively and you can choose from a variety of different styles and options, custom designed for your vehicle.
